10-Feb-12 16:03 | jeffrey_brandt

LOL is it that time already for brownies @jeffrey_brandt: Food for thought? <http://t.co/NgM3gxNW> :) #legalchat

Just a quick note: if u are using Tweetchat u can block people that u dont want to see in ur stream & feature folks as well! #legalchat

10-Feb-12 16:05 | LegalChatter

@jeffrey_brandt @LegalChatter I'm here - just busily writing articles this morning. :-) #Legalchat Thank goodness for dual monitors.

10-Feb-12 16:09 | bschorr

@jeffrey_brandt ok done - this is today's topic - time lag between technology and ethics opinions on its use #legalchat

10-Feb-12 16:09 | LegalChatter

#legalchat - time lag issue - the entire profession is built on looking at the past. It will take a lot to change that.

10-Feb-12 16:10 | sapreston

@bschorr love dual monitors - thanks for joining :) #legalchat

10-Feb-12 16:10 | LegalChatter

I agree. Was thinking about adding a third monitor to my laptop, but not sure I can do it cheaply. @bschorr @LegalChatter #legalchat

10-Feb-12 16:10 | jeffrey_brandt

@sapreston @UAPreLaw thanks for joining - welcome! #legalchat

10-Feb-12 16:10 | LegalChatter

RT So how do firms innovate? @sapreston: #legalchat -the entire profession is built on looking at the past. It will take a lot 2 change that

10-Feb-12 16:11 | jeffrey_brandt

#legalchat - innovation will come from the outside. Things like management by non-lawyers will help.

10-Feb-12 16:12 | sapreston

@jeffrey_brandt @sapreston - think it goes beyond firms and needs to be looked at as a whole by legal community industry #legalchat

10-Feb-12 16:13 | LegalChatter

What if we offered the State Bars brownies to be quicker in their issuing of opinions? #legalchat

10-Feb-12 16:13 | jeffrey_brandt

@sapreston Agreed. Lawyers are too risk-averse to really step outside the box. #Legalchat

10-Feb-12 16:13 | bschorr

Hi everyone! #legalchat

10-Feb-12 16:13 | AndreaCan

@sapreston That is reactionary innovation. Is that as good as proactive innovation? #legalchat

10-Feb-12 16:14 | jeffrey_brandt

RT @sapreston: #legalchat - innovation will come from the outside. Things like management by non-lawyers will help. #legalchat

10-Feb-12 16:14 | LegalChatter

@sapreston Of course...the first time a non-lawyer innovates and the firm crashes and burns the rest of the firms will scamper. #Legalchat

10-Feb-12 16:14 | bschorr

It seems to me ethics and technology are thought of negatively - why? #legalchat

10-Feb-12 16:16 | LegalChatter

@nooption yes you would be correct! welcome! #legalchat

10-Feb-12 16:17 | LegalChatter

#legalchat - failure is the path to success!

10-Feb-12 16:17 | sapreston

Depends on the size of the firm RT @sapreston: #legalchat Question was how to get the practice to keep up with technology change

10-Feb-12 16:17 | FollowtheLawyer

RT @jeffrey_brandt: @bschorr @sapreston But failure can be a good thing. <http://t.co/LH4mU7qj> #legalchat

10-Feb-12 16:17 | LegalChatter

@jeffrey_brandt @sapreston Failure CAN be a good thing, but not sure your mortgage company is going to see it the same way. :-) #Legalchat

10-Feb-12 16:17 | bschorr

RT @sapreston: #legalchat - the question was how to get practice to keep up with technology change. I dont see happening soon. #legalchat

10-Feb-12 16:17 | LegalChatter

RT @sapreston: #legalchat - the question was how to get the practice to keep up with technology change. I don't see that happening soon.

@andreacan - btw, need guest moderator for next week Feb 17 - interested? #legalchat

10-Feb-12 16:18 | LegalChatter

@FollowtheLawyer welcome Jay - glad you liked the guidance :) #legalchat

10-Feb-12 16:18 | LegalChatter

@LegalChatter The trick is separating the relevant tech change from the popular. Not every change should be kept up with. #Legalchat

10-Feb-12 16:18 | bschorr

@jriversmn Welcome Jan! #legalchat

10-Feb-12 16:19 | LegalChatter

Do lawyers in the US wait for the guidelines before adopting new technology then? #legalchat

10-Feb-12 16:19 | nooption

RT lol Probably not @bschorr: Failure cn B a gd thing, but not sure yr mortgage company is going 2 C it the same way. :-) #Legalchat

10-Feb-12 16:19 | jeffrey_brandt

@bschorr agreed, seems consumers still drive and ethics need to catch up and create process for quicker adoption.. #legalchat

10-Feb-12 16:19 | LegalChatter

RT @nooption: @jeffrey_brandt ah yes, now that chimes with this side of the pond too! #legalchat

10-Feb-12 16:23 | LegalChatter

RT @bschorr: @LegalChatter The trick is separating the relevant tech change from the popular. Not every change s/b kept up with. #legalchat

10-Feb-12 16:24 | LegalChatter

@nooption In the UK is it the Law Society or the SRA that is more or less the same as the ABA and the State Bars? #legalchat

10-Feb-12 16:24 | jeffrey_brandt

Should the @abaesq take the lead to help bridge the gap? @nooption what is the authority in the UK? #legalchat

10-Feb-12 16:25 | LegalChatter

Ethics question: Are law firm YouTube channels editorial, like blogs, or ads? Editorial doesn't require approval in some states #legalchat

10-Feb-12 16:25 | FollowtheLawyer

#legalchat - Bar assoc will treat Youtube as Ads.

10-Feb-12 16:25 | sapreston

Do you find that sometimes client demands stifle innovation too? Or at least give an excuse to stick with the status quo? #legalchat

10-Feb-12 16:26 | nooption

RT @FollowtheLawyer: Ethics question: Are law firm YouTube channels editorial, like blogs, or ads? (cont) #legalchat

10-Feb-12 16:26 | LegalChatter

RT @FollowtheLawyer: Editorial doesn't require approval in some states #legalchat

10-Feb-12 16:26 | LegalChatter

ABA model already does, or you expect that they will? RT @sapreston: #legalchat - Bar assoc will treat Youtube as Ads.

10-Feb-12 16:26 | FollowtheLawyer

Think so? RT @sapreston: #legalchat - Bar assoc will treat Youtube as Ads.

10-Feb-12 16:26 | goclio

RT @nooption: Do you find that sometimes client demands stifle innovation too? Or at least give an excuse to stick w/status quo? #legalchat

10-Feb-12 16:27 | LegalChatter

#legalchat - we should define innovation for this context. Clients help cause change and usually that change is moving tech forward

10-Feb-12 16:28 | sapreston

Again it becomes an issue of separating commentary and advertizing. Whether blog post or video post. @FollowtheLawyer @sapreston #legalchat

10-Feb-12 16:28 | jeffrey_brandt

@LegalChatter I think it cuts both ways. Sometimes client demands push a firm TOWARDS innovation. Not always for the best. #Legalchat

10-Feb-12 16:28 | bschorr

RT @sapreston: we should define innovation for this context. Clients help cause change & usually change is moving tech forward #legalchat

10-Feb-12 16:30 | LegalChatter

@jeffrey_brandt good question. The Law Society is more a self regulating body, the SRA an independant regulator. #legalchat

10-Feb-12 16:31 | nooption

@nooption thanks for joining :) have a great weekend! #legalchat

10-Feb-12 16:33 | LegalChatter

#legalchat - how soon will SM become part of daily practice? If only to have convos with clients.

10-Feb-12 16:34 | sapreston

Or egg on their faces @bschorr @econwriter5 You can always tell the pioneers. They're the ones with the arrows in their backs :-) #Legalchat

10-Feb-12 16:35 | AndreaCan

If the ABA=Law Society, I wonder if the US will end up with our own version of SRA? #legalchat

10-Feb-12 16:35 | jeffrey_brandt

@sapreston SM already is a daily part of my daily chat with clients. But then, I'm not a lawyer. :-) #Legalchat

10-Feb-12 16:36 | bschorr

@sapreston I think it already happens for some, but far off for many...Millenial gen will speed up the change... #legalchat

10-Feb-12 16:37 | LegalChatter

It should, but not all state bars see it that way RT @gyitsakalakis: Depends on content not format #legalchat

10-Feb-12 16:37 | FollowtheLawyer

RT @jeffrey_brandt: If the ABA=Law Society, I wonder if the US will end up with our own version of SRA? #legalchat

10-Feb-12 16:37 | LegalChatter

#legalchat - SM as a comm tool (that should replace email). SM is much more reusable

10-Feb-12 16:38 | sapreston

@sapreston I have fewer confidentiality issues than lawyers do. :) My clients don't mind discussing Word formatting via Twitter. #Legalchat

10-Feb-12 16:38 | bschorr

Like Yammer? RT @sapreston: #legalchat - SM as a comm tool (that should replace email). SM is much more reusable

10-Feb-12 16:39 | FollowtheLawyer

@FollowtheLawyer yeah, state bars tend to have trouble understanding and applying their own rules. #legalchat

10-Feb-12 16:40 | gyitsakalakis

SM will become a staple of practices that deal with eDiscovery. #legalchat

10-Feb-12 16:40 | econwriter5

@sapreston I think visualization & maps <http://t.co/IXTczmKE> will B nxt big thing in KM, collab & even replace engagement letters #legalchat

10-Feb-12 16:40 | jeffrey_brandt

RT @gyitsakalakis: @FollowtheLawyer yeah, state bars tend to have trouble understanding and applying their own rules. #legalchat

10-Feb-12 16:41 | LegalChatter

RT lol @gyitsakalakis: @FollowtheLawyer yeah, state bars tend to have trouble understanding and applying their own rules. #legalchat

10-Feb-12 16:41 | jeffrey_brandt

RT @FollowtheLawyer: Like Yammer? RT @sapreston: - SM as a comm tool (that should replace email). SM is much more reusable #legalchat

10-Feb-12 16:41 | LegalChatter

@FollowtheLawyer if I make a video about how i like cats, state bars will be hard pressed to apply ad rules imho. #legalchat

10-Feb-12 16:41 | gyitsakalakis

Social media will infiltrate most aspects of a practice, eventually. Won't even be a thought, like email isn't today. #legalchat

10-Feb-12 16:41 | econwriter5

RT @jeffrey_brandt: think visualization & maps <http://t.co/IPsRGqba> will B nxt big thing in KM, collab & even replace eng letters #legalchat

10-Feb-12 16:42 | LegalChatter

#legalchat - @jeffrey_brandt - yes great tools for understanding relationships. #SM will help knit that story together.

10-Feb-12 16:42 | sapreston

#legalchat - SAAL (services as a lawyer) - is that legalzoom?

10-Feb-12 16:44 | sapreston

@sapreston Yes, though depends what you're collaborating on. I certainly don't want to collaborate on my patent via Twitter. :-) #Legalchat

10-Feb-12 16:44 | bschorr

Yes, privacy still much needed in SM, but goal in SM is to take conv offline just like at a conference or event @bschorr #legalchat

10-Feb-12 16:45 | LegalChatter

RT @FollowtheLawyer: My own sense is states will split, as they do on blogs RT @sapreston: #legalchat - Bar assoc will treat Youtube as Ads.

10-Feb-12 16:45 | TechSavvyLaw

#legalchat - @bschorr - how about collab on G+? I think it is fantastic.

10-Feb-12 16:45 | sapreston

Email is a required business communication; SM is not. SM will be adopted only by those who enjoy using it. #legalchat

10-Feb-12 16:46 | AndreaCan

RT @gyitsakalakis: on other hand, i talk about services as a lawyer, then they likely apply, no matter the form of communication. #legalchat

10-Feb-12 16:46 | LegalChatter

Hangouts are perfect @sapreston: @bschorr - how about collab on G+? I think it is fantastic. #legalchat

10-Feb-12 16:46 | LegalChatter

Speaking of collaboration platforms, is anyone using Basecamp at their firm? #legalchat

10-Feb-12 16:46 | FollowtheLawyer

RT @AndreaCan: Email is a required business communication; SM is not. SM will be adopted only by those who enjoy using it. #legalchat

10-Feb-12 16:46 | LegalChatter

#legalchat - how is email required for practice?

10-Feb-12 16:47 | sapreston

@sapreston I like G+ a lot but have the same privacy concerns when it comes to more confidential matters. #Legalchat

10-Feb-12 16:47 | bschorr

SM will become a staple of practices that deal with eDiscovery. #legalchat RT @econwriter5

10-Feb-12 16:47 | RTeDiscovery

@TechSavvyLaw hello and welcome! #legalchat

10-Feb-12 16:48 | LegalChatter

#legalchat - @bschorr - I use G Docs for collaboration - it works great. I am interested in Office 365 too. Anyone here have experience?

10-Feb-12 16:48 | sapreston

@sapreston and use G Docs #legalchat

10-Feb-12 16:50 | LegalChatter

“@LegalChatter: @sapreston I work with Office 365 now #legalchat” < Us too.

10-Feb-12 16:50 | bschorr

Google just announced Google Disk to be available in a few months. @sapreston @bschorr - I use G Docs for collaboration. #legalchat

10-Feb-12 16:50 | JFBrashear

@sapreston Technically, it isn't. But email is pretty much expected these days. SM is not a business process like email. #legalchat

10-Feb-12 16:50 | AndreaCan

@JFBrashear hello and welcome Jim! #legalchat

10-Feb-12 16:51 | LegalChatter

RT @bradleybclark: @FollowtheLawyer I use @37signals Basecamp at my firm. #legalchat

10-Feb-12 16:52 | LegalChatter

No expectation of privacy in SM. Some reasonable expectation in email. Lawyers should note ABA opinion 11-459. #legalchat

10-Feb-12 16:52 | JFBrashear

+1 RT @sapreston: #legalchat - @AndreaCan I can see a time (in the future) when we will say the same for what is now called #SM.

10-Feb-12 16:53 | econwriter5

@LegalChatter Thanks and sorry to jump in late. #legalchat

10-Feb-12 16:53 | JFBrashear

@jbrashear No reasonable expectation of #privacy in SM, yet. More it moves to enterprise, more that might change. #legalchat

10-Feb-12 16:54 | econwriter5

@JFBrashear happy you could join even for a bit! no worries! #legalchat

10-Feb-12 16:54 | LegalChatter

“@JFBrashear: Email does not require an account on the same SM platform (or multiple ones). #legalchat” < Good point.

10-Feb-12 16:55 | bschorr

For what activities? How's it working out? RT @bradleybclark: @FollowtheLawyer I use @37signals' Basecamp at my firm. #legalchat

10-Feb-12 16:55 | FollowtheLawyer

@sapreston I can't. Which is good - there are people at law firms who have no business being anywhere near SM. #legalchat

10-Feb-12 16:55 | AndreaCan

RT Unless its google @JFBrashear: Email does not require an acct on the same SM platform (or multiple 1s). @AndreaCan @sapreston #legalchat

10-Feb-12 16:55 | jeffrey_brandt

@jeffrey_brandt Other than employer monitoring, I agree re internal focused SM. #legalchat

10-Feb-12 16:56 | JFBrashear

@JFBrashear @jeffrey_brandt What's an example of internally-focused SM? #Legalchat

10-Feb-12 16:56 | bschorr

@bschorr Social will go through a redefinition. #googleplus Circles is kinda pointing the way. #legalchat

10-Feb-12 16:57 | econwriter5

Yammer. RT @bschorr: @JFBrashear @jeffrey_brandt What's an example of internally-focused SM? #Legalchat

10-Feb-12 16:57 | econwriter5

@LegalChatter Thanks, sorry for being a bit late for #legalchat! Interesting discussions.

10-Feb-12 16:58 | TechSavvyLaw

@bschorr @JFBrashear Examples might include internal CoP, Yammer inside the firm, Facebook built on SharePoint #legalchat

10-Feb-12 16:58 | jeffrey_brandt

@bschorr I'm thinking law firm app and something like Yammer on Intranet Portal? #legalchat

10-Feb-12 16:58 | LegalChatter

@jeffrey_brandt Can send to GMail users from any email provider, and receive replies. Don't need a GMail account to reach users. #legalchat

10-Feb-12 16:58 | JFBrashear

@TechSavvyLaw welcome :) #legalchat

10-Feb-12 16:58 | LegalChatter

Newsgator @jeffrey_brandt: @bschorr @JFBrashear internal CoP, Yammer inside the firm, Facebook built on SharePoint #legalchat

10-Feb-12 16:59 | LegalChatter

@jeffrey_brandt @JFBrashear O.K., but don't you still have to be concerned with who can see - even if only inside the firm? #Legalchat

10-Feb-12 16:59 | bschorr

@bschorr @JFBrashear Yes, but not the nearly the same level of worry as externally focused SM. #legalchat

10-Feb-12 17:00 | jeffrey_brandt

Wrapping up folks! Thanks for a really great lively discussion today! Be sure to tell a colleague about #legalchat

10-Feb-12 17:00 | LegalChatter

@jeffrey_brandt @JFBrashear Or you could just use e-mail and not worry about it at all. :-) #Legalchat

10-Feb-12 17:00 | bschorr

@jeffrey_brandt I was referring to whether SM is a replacement for email. G+ is SM, obviously. #legalchat

10-Feb-12 17:00 | JFBrashear

Please join us next week - same time and our guest moderator will be @AndreaCan @legaltypist - THANKS ANDREA! #legalchat

10-Feb-12 17:01 | LegalChatter

I see a role for SM - but like meeting at a cocktail party I think in most cases the parties will need to take it elsewhere. #Legalchat

10-Feb-12 17:02 | bschorr

I guess there's a continuum ranging from Twitter to Cone of Silence. :-) #Legalchat

10-Feb-12 17:02 | bschorr

@econwriter5 SM inside the enterprise may offer a reasonable expectation of "confidentiality" but not employee "privacy." #legalchat

10-Feb-12 17:03 | JFBrashear

RT @LegalChatter: Wrapping up folks! Thanks for a really great lively discussion today! Be sure to tell a colleague about #legalchat

10-Feb-12 17:03 | TechSavvyLaw

@JFBrashear Many firms pushing wht was once email traffic 2 wikis, discussion forums & other SM tools. Clearspire a gr8 example #legalchat

10-Feb-12 17:03 | jeffrey_brandt

@jeffrey_brandt Atos even banned internal email. That's a real outlier, though. <http://t.co/UaAgPtkg> #legalchat

10-Feb-12 17:06 | JFBrashear

Taking the tech of social media and applying "internally" =tech becomes just an internal IM process. No longer #SM #legalchat

10-Feb-12 17:06 | LegalTypist

@LegalTypist "Social media" as a tool, versus how the tool is used. #legalchat

10-Feb-12 17:07 | JFBrashear

@JFBrashear I read that. Biggest issue is how 2 do U involve external ppl still used 2 email in yr internal SM discussion tool? #legalchat

10-Feb-12 17:08 | jeffrey_brandt

@jeffrey_brandt Bounce internal emails at the server? :-) #legalchat

10-Feb-12 17:08 | JFBrashear

@JFBrashear @LegalTypist BYOD is a nightmare for IT departments. #Legalchat

10-Feb-12 17:14 | bschorr

From a workflow management perspective, I find IMs interruptions demanding attention. @bschorr @jeffrey_brandt #Legalchat

10-Feb-12 17:15 | JFBrashear

@JFBrashear @jeffrey_brandt Agreed. E-mail can queue up until I finish what I'm doing. IM stares at me until I respond. #Legalchat

10-Feb-12 17:15 | bschorr

But great for users! @bschorr @LegalTypist BYOD is a nightmare for IT departments. #Legalchat

10-Feb-12 17:16 | JFBrashear

@jeffrey_brandt @JFBrashear SM risks not being seen at all as it scrolls off screen. Twitter DM is the WORST way to reach me. #Legalchat

10-Feb-12 17:16 | bschorr

@JFBrashear @LegalTypist Twinkies are great for kids but few doctors recommend it. :-) #Legalchat

10-Feb-12 17:16 | bschorr

@jffbrashear I don't mean to suggest BYOD! IT needs to understand security & enforce it; but be open to how people process work. #legalchat

10-Feb-12 17:17 | LegalTypist

@LegalTypist @jffbrashear Yes, there needs to be a compromise. IT needs to find ways to support some consumer devices. #Legalchat

10-Feb-12 17:17 | bschorr

Yes, SM scrolling is the "urgency" of not monitoring SM in real time. @bschorr: @jeffrey_brandt #Legalchat

10-Feb-12 17:18 | JFBrashear

@LegalTypist @jffbrashear Users need to understand that IT can't integrate every latest iToy into the enterprise day it ships. #Legalchat

10-Feb-12 17:18 | bschorr

@JFBrashear @jeffrey_brandt That's why SM goes at the bottom of my priority list. If I miss it, oh well. Twitter is a river. #Legalchat

10-Feb-12 17:19 | bschorr

@LegalTypist Same concerns with software tools as with BYOD - training, support, security, record retention, eDiscovery #legalchat

10-Feb-12 17:19 | JFBrashear

@bschorr I've been known to wade into the river late - like a Siberian Mammoth. #legalchat

10-Feb-12 17:20 | JFBrashear
